Product Description

Cascade Refrigeration System- Engineering Equipments

Labappara engaged in offering quality Cascade Refrigeration System, which is a multistage application in which two separate refrigerant systems are interconnected in such a manner that one provides the means of heat rejection (condenser) for the other. Our Cascade Refrigeration System has a lower system which operates at a much lower temperature. The Cascade Refrigeration System, provided by us, comprises of additional feature, over compound systems for permitting the use of different refrigerants in each cycle of the cascade.

Feature

Robust body

Multistage Application

High performance

Energy efficient

High Durability

Low maintenance
