

## Drill Machine

**Product Categories:** [Engineering Equipment](#), [Production Lab \(Educational Machines\)](#)

**Product Page:** <https://www.labappara.com/product/drill-machine/>

### Product Description

#### Drill Machine

#### Description:

The machine features the latest ribbed high graded cast structure that enhances its sturdiness. The machine is precision engineered to achieve high dimensional accuracy, which is critical for the smooth and trouble free operation of the machine.

#### Features:

- Completely tested
- Consume least power
- Long functional life

#### **Technical specifications:**

- Standard Accessories
- Optional accessories
- Electrical with control panel
- Tilting work table
- T- Slotted work table

Taping Attachment

Maintenance & Instruction manual

Low voltage halogen work light

Complete coolant system
