

DSO 60 MHz Sampling Rate 500 MS/s (Color LCD Display)

Product Categories: [Digital Storage Oscilloscope](#), [Digital Storage Oscilloscope](#), [Electronics](#), [Engineering Equipment](#)

Product Page: <https://www.labappara.com/product/dso-60-mhz-sampling-rate-500-ms-s-color-lcd-display/>

Product Description

DSO 60 MHz Sampling Rate 500 MS/s (Color LCD Display)

Application:

1. Electronic circuit debugging
2. Circuit testing
3. Design and manufacture
4. Education and training
5. Automobile maintenance and testing

Main Features:

Autoscale function

FFT function

25MHz100MHz Bandwidth

Up to 500MS/s real time sample rate

Max.6000 record length for each channel

Dual channels plus External trigger

20 auto measurements

8 inch color LCD display for large view

PC communication through the USB or RS232 port for real-time data transmission

Advanced trigger: Edge trigger, Video trigger and Alternate trigger

Add new function of Trigger Holdoff
