Vulvae suture practice modules, including left lower, medial and right lower three incision position;

Tracheal incubation training

Manually simulate carotid artery pulse.

Neonatal manikin features:

Phosphoric function

Nursing features: eye irrigation and drops, neonatal washing and bandaging;

Oral and nasal incubation, infant sputum suction, tracheal incubation and gastric lavage;

Infant umbilical cord nursing, scalp vein puncture, arm venous puncture, there is obvious feeling for venous puncture, and blood flash back indicated correct puncture

Components:

Advance Delivery and Maternal and Neonatal Emergency Simulator System.

Neonatal simulator system (for deliver use)

Neonatal Emergency within Nursing model

Automated delivery and fetal heart sound controller

Adult CPR electronic display

BP Measurement Trainer

Elasticity Cervix

Cervix examination modules 5 pcs/set

Saturate perinealis model 3 pcs/set

48 hours postpartum uterus

Wooden Stethoscope,use for fetus heart

Normal placenta (1 set)

Neonatal airway cannual

Blood pressure Meter (with cuff)
