

## Relay & Opto coupler Card

**Product Categories:** [Electronics](#), [Engineering Equipment](#), [Interfacing Cards](#), [Interfacing Cards](#), [Microprocessor & Micro-controller Lab](#), [Microprocessor & Micro-controller Lab](#)

**Product Page:** <https://www.labappara.com/product/relay-opto-coupler-card/>

### Product Description

#### Relay & Opto coupler Card

Relay Board Module with optocoupler are the ideal platform for accelerating the development and reducing the risk of new designs. The technology in these boards delivers an optimal solution in terms of speed, accuracy, flexibility and cost.

#### **Features:**

30A +5V/6V 1-Channel Relay interface board

Equipped with high-current relay, Rating are as follows:

30A 120VAC/1HP (2) 30A 240VAC/2HP

Standard interface that can be controlled directly by microcontroller (Arduino , 8051, AVR, PIC, DSP, ARM, ARM, MSP430, TTL logic)

Has the fixed bolt hole and easy installation

Small board PCB size

Relay status indicator LED (red)

With Optocoupler protection

Weight :100 g
