Product Description

Solar System (With 9 Planet) - Scientific Laboratory Educational Equipment

Rotatable with power supply workable on 220v ac 50Hz packed in box.

Instructive model of educational focal point.

Solar system can be nicely explained with this convenient model.

It illustrates approximately the comparative size and color of planets, in the Centre an electric bulb represents the Sun, Mercury, Venus, Earth, Mars, Jupiter, Saturn & three additional planets Neptune, Uranus & Pluto revolve round the sun in the same plane but at different orbits.

Their situations in 12 zodiacal signs can be shown on the printed base.
