Technical Specification

Type of movement	Rotational
Speed range	0- 350 RPM
Operational mode	Continuous operation
Timer option	Yes
Dimensions	37 x 37 x 18
Weight	11 kgs
Permissible ambient temperature	5 - 40 deg.
Permissible relative moisture	80%
Motor type	PMDC motor
Maximum load	6- kg
Speed display	None
Supply	220 V, 50 Hz.
